from \$76,990 driveaway\*

\*Manufacturer's recommended driveaway price (MRDP) is an estimated price which includes the recommended retail price, 12 months private registration, 12 months compulsory third party insurance (CTP), an estimated dealer delivery charge, stamp duty, options entered during the configuration process, and other applicable statutory charges that may apply such as Luxury Car Tax (LCT) for private use vehicles above a certain thresholds. Driveaway price includes warranty extension to 7 years valued at between \$1,150 and \$1,670, model dependent. Actual prices and stock availability will vary between locations and dealers, and on-road costs will vary according to individual circumstances. Please contact your local ŠKODA Dealer to confirm your individual price and vehicle lead-time. While stocks last. Excludes other offers. ŠKODA Australia reserves the right to extend, withdraw or change all offers. ŠKODA Australia does not warrant the accuracy of any of this information as applicable to your particular circumstances and to the extent permitted by law is not liable for any claims or losses of any nature, including, but not limited to, damages, expenses, lost profits, punitive, special, indirect or consequential losses/damages caused by reliance on this information. Due to ongoing production disruptions caused by a global shortage of key vehicle components, delivery forecasts are highly volatile and subject to change. Contact your local ŠKODA Dealer to determine expected vehicle delivery timeframes.

\*The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

CO2 emission (g/km)	138 (139)	42	205	205	185
Fuel tank capacity (L)	55	45	58	58	58

\*\*\*Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

**ENERGY CONSUMPTION (WLTP)\*\*\*\***

Range - Combined*****	—	up to 110 km	—	—	—
Energy Consumption Wh/km - Combined	—	148 Wh/km	—	—	—

\*\*\*\*The stated electric vehicle range has been calculated in compliance with the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) regulation which sets out standard test conditions and procedures applicable to car manufacturers. The stated electric vehicle range is for the purposes of comparison amongst vehicles tested under the same technical procedures only. The real range for your electric vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style.

\*\*\*\*\*WLTP Combined Range: Calculated on the basis of the vehicle's average performance during all four phases of the WLTP test cycle, which is intended to represent city, rural and highway driving conditions.
