COMFORT AND PRACTICALITY

The front and rear mud flaps protect the lower areas of the vehicle body from dirt and damage caused by stones and debris striking them. Mud flaps are useful especially in winter, when the corrosive salt that is spread on the roads generally sticks to the mud flaps rather than to the vehicle body.

Practical and stylish footrest, "Lounge Step" is completely in line with the interior design of your vehicle while increasing the travelling comfort of the user's legs and feet.

BOOT MATS

These two products of ŠKODA Original Accessories are classic examples of a multipurpose accessory. Foldable double sided boot mat has one fabric side of the mat which protects the luggage compartment from dirt. The plastic underside, on the other hand, is perfectly suited for transporting dirty or wet items. And our second product - Foldable boot protection, is the best solution to protect all you luggage space.

BOOT DISH

The boot dish fits perfectly in the luggage compartment to protect it from getting dirty. The dish can be equipped with an aluminium partition complemented by the Splitting element for aluminium partition, enabling you to split the space according to your needs. It creates a space to stow items which you need to have on hand or that you may need to keep separate from the rest of your luggage.
