Sportline 4x4 | RS 4x4

Make curiosity a family trait

Exploration begins at home. Or rather, the driveway. The robust and spacious Škoda Kodiaq is eager to turn every family drive into a curious exploration. The car makes its undomesticated ambitions quickly known, thanks to a striking design that's bolstered by protective details all around like the wheel arch covers and reinforced front and rear bumpers. Along with the stunning LED headlights, an array of assistance systems is on hand to keep you safe on every adventure.

That's Simply Clever. That's Škoda.

Style 4x4

7 YEAR
WARRANTY*
UNLIMITED KM

*Conditions and exclusions apply, see <https://www.skoda.com.au/owners/warranty>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under Australian Consumer Law and do not limit or replace them.

Dress Up Any Road

As is typical for Škoda SUVs, everything is perfectly balanced. Exterior elements form a harmonious whole, where robustness meets elegance.

Style and functionality

The newly designed elements of the front end, such as the bonnet, grille, headlights, and bumper with spoiler, underline the car's confident expression. Above all, plastic protective elements all around the vehicle, including a bold add-on part on the front bumper spoiler in the off-road design, directly invite you to explore new paths.

Kodiaq Style shown with the optional Luxury Pack available at extra cost.

Full LED matrix headlights

The newly shaped Kodiaq headlights are available in two types in terms of functionality. Equipped with LED lights, both types offer high performance and high energy efficiency. The top-end option comes with full LED Matrix headlights, which represent state-of-the-art technology.

Available with the optional Luxury Pack on Style 4x4 at extra cost. Standard on Sportline 4x4 & RS 4x4.

Full LED rear lights

The full LED rear lights impress with their stylish appearance and efficient performance. Fitted with animated turn indicators, they significantly improve the visibility of your car for other drivers. In addition, when you open and close the car, the welcome effect activates the animation feature.

Overseas model shown.

Sunroof

The electrically-adjustable panoramic sunroof, which allows you to create a large open space above the front seats, will enhance the attractive look of the car and provide more pleasure and a greater feeling of freedom for all passengers. If necessary, it can be covered with an electrically-adjustable blind.

Available as a standalone option on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

SUV signature

The rear features the new roof spoiler in glossy black, which underlines the car's distinctive appearance while improving its aerodynamics. The robust bumper with the lower part in black matt complemented by an add-on part in aluminium look emphasise that the Kodiaq Style 4x4 feels at home on off-road adventures.

Virtual cockpit

The virtual Cockpit displays onboard computer specifications in combinations with other information such as navigations, you can chose from five layout controlled via the View button on the steering wheel.

Wireless Connectivity

Kodiaq featuring wireless Apple CarPlay® and Android Auto™+2

Combining our smart car with your smartphone was always going to be a good idea. Kodiaq featuring wireless Apple CarPlay® and Android Auto™+2 seamlessly connects compatible apps from your smartphone to your Kodiaq. So, whether you want to listen to music or receive turn-by-turn directions you can do it all without touching your phone.

+2 Kodiaq featuring wireless Apple CarPlay® and Android Auto™ is compatible with the latest versions of iOS and Android, active data service required, optional connection cable (sold separately).

Škoda's Little Helpers

Life is easier when equipment is practical. Thus, the Kodiaq range comes with features based on your actual needs and includes Simply Clever details that help you avoid any inconveniences, even if it's just looking for a place to store your drink.

Door edge protection

Your car can also be equipped with door edge protection. When opening all side doors, plastic strips eject and cover the edges. In this way, the Kodiaq protects itself against damage as well as being considerate to other cars. Perfect for tight parking spaces, for instance.

Storage compartments

Two spacious compartments with tilting lid are located in the dashboard by the front passenger seat.

Liquid reservoir

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

Comfort is Your Co-Driver

The Kodiaq lets you turn a routine trip into an extraordinarily pleasant experience. Treat yourself to some luxury that will give you that special feeling as you set out for ordinary, everyday destinations.

Convenience key

With the convenience key, you can lock/unlock your car and start or stop the engine completely without the need of physically touching your key. Now that is convenience.

Adaptive Cruise Control¹

The driver's comfort during long motorway journeys is enhanced by the Adaptive Cruise Control.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Foldable mirrors

The automatically foldable external side-view mirrors fold in when the car is locked. This protects the mirrors from damage, especially when parking in a confined space, and you also have a visual confirmation that you have locked your car. The driver's side mirror also features a dimming function that prevents glare from the car behind you.

Jumbo box

The spacious Jumbo Box storage compartment is housed in the front armrest. When the air conditioning is on, you can even cool your snacks here.

Comfort in the back

In cold weather, your friends and family will appreciate the heated rear seats, which are regulated by a separate control on the rear side of the front armrest.

Available with the optional Luxury Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

Welcome logo

The LEDs located on the underside of the front doors, projecting the Škoda inscription, illuminate the entry area.

Wireless charging

The phone box, suitable also for large display devices, creates an amplified signal for your mobile phone and, at the same time, wirelessly charges your device while driving. Two USB-C data ports allow you to easily connect and pair your external devices with the infotainment system.

Canton sound system

Enjoy absolute sound clarity thanks to the Canton Sound System with twelve speakers, delivering a total power output of 625 watts.

Canton Sound System is available with the optional Tech Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

Seven-seater interior

Up to seven people can travel in the Kodiaq thanks to three rows of seats. This means that there are two extra seats available with a separate foldable backrest. When using the third row of seats, the luggage space cover needs to be removed. The double floor provides extra storage space for it, so you don't have to keep it in the garage or home.

Overseas model shown, local specification may vary.
Optional Luxury Pack displayed available for an extra cost.

Return Home with More Than Just Photographs

Ambitious plans require ambitious spaces, especially if you're traveling with a large family. The new Kodiaq is carefully thought through, so everyone can find a place for everything they want to take with them.

Cargo elements

To avoid any undesired movement of luggage while driving, these two plastic cargo elements are ideal. They are stowed away in the compartments behind the rear wheel arches when not in use.

Net system

The set, including one horizontal and two vertical nets, will reliably prevent your things from moving around. Plus, you will clearly see where you put everything.

Hooks

The robust sliding hooks, located on the sides of the luggage compartment, make your bags easier to transport and more secure.

Capacity

The seven-seater Kodiaq offers 270 litres when the car is fully occupied to 2,005 litres with the third and second rows of seats folded down.

Accessories shown for illustrative purposes only.

Controls in the boot

The car can be equipped with a foldable towing device with an electric release. The switch is located in the luggage compartment. You can also find a remote release button here that allows you to fold down the rear seat from the luggage compartment, which makes loading the car even more effortless.

Towbar is available as a standalone option on all Kodiaq variants at extra cost.

Double floor

The double floor provides easier luggage handling or a discreet storage place, with the bottom of the luggage compartment positioned at the loading edge level.

Accessories shown for illustrative purposes only.

There's Always Help at Hand

We've done everything to ensure that you arrive at your destination safely. The Kodiaq range comes with plenty of assistants that help you react to various situations promptly. The system are designed to help prevent or reduce the severity of an impending collision.

Emergency Assist¹

Emergency Assist reduces the risk of an incident in the event of the driver's sudden health collapse, for example, by safely stopping the car and turning on the warning lights.

Available with the optional Luxury Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas model shown for illustrative purposes only.

Traffic Jam Assist¹

This function is designed to facilitate driving in traffic jams. By controlling the engine, brakes, and steering, it makes the vehicle pull away, brake, and turn to copy the movement of the surrounding vehicles (at speeds of up to 60 km/h). If lanes are not detected at speeds of up to 30 km/h, or only one lane (line) is detected at speeds of up to 60 km/h, the Follow Drive system follows the trajectory of the vehicle in front of you until lane markings are available again.

Available with the optional Luxury Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

Lane Assist with Adaptive Lane Guidance¹

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation. It can also take control of the car in the event of lane changes during roadworks.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas Model shown for illustrative purposes only. Optional (in Luxury Pack) on Style & Sportline. Standard on RS.

Rear Traffic Alert^{1*}

The system warns the driver of rear traffic as they pull away from a row of perpendicularly parked vehicles (visually on the infotainment display/ onboard computer display or acoustically), or, if the case so requires, intervenes proactively, i.e., stops the car.

Front Assist with City Emergency Brake¹

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The system also includes predictive pedestrian protection, which warns the driver via an audio/ visual signal as well as a gentle jolt of the brakes.

Side Assist - Blind Spot Detection^{1*}

Using radar sensors in the rear bumper, Side Assist (which can detect other vehicles and harder to see objects like cyclists up to 70 m away) monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas model shown for illustrative purposes only.

Park Assist¹

The system automatically selects an appropriate parking space in a row of parallel or perpendicularly parked vehicles. The updated Park Assist function now means that it can just be used for part of the parking manoeuvre. For example, you can select a parking space yourself and attempt to park your car some of the way, but for the more difficult part of the parking manoeuvre, simply activate Park Assist, which takes control of the steering wheel.

Available with the optional Tech Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

Manoeuvre Assist¹

This system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

Additional Experts on Board

You can encounter various things on the road. To ensure that the car is ready to handle all situations that may occur en route, additional assistants with multiple functions are on hand to help or fill in for the driver.

Matrix Beam Function

The full LED Matrix headlights feature matrix beam function. This allows you to use the high beams continuously, without blinding other drivers. Using a windscreen camera, the matrix beam function responds to the traffic situation and turns off only some segments of the light. Other segments are turned on and illuminate the road. In addition, thanks to this function, you are not blinded by reflective materials on traffic signs, for example. The matrix beam function also uses information from the navigation system, so the high beams will only turn on when you are out of a built-up area.

Available with the Luxury Pack on Style 4x4 at extra cost. Standard on Sportline 4x4 & RS 4x4.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas model shown for illustrative purposes only.

Passenger Protect Assist¹

This assistance system provides increased protection for front-seat passengers in critical situations that could lead to a crash by closing the side windows to leave only a 5 cm gap, shutting the roof window, and tightening seatbelts. The new state-of-the-art version of the system can use radar sensors both in front and in the rear.

Safe Happens

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags. You can equip your car with up to nine of them.

Front driver and passenger airbags

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

Front side airbags

These airbags (shown together with the activated head airbag) protect the pelvis and chest of the driver and other passengers in the event of a side collision.

Knee airbag

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

Head airbags

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

Force of Nature

Every family has a different story: frequent trips to the mountains, an urban adventures, or off-road exploration. Whatever the story, we have the right alternative for every family. And in every case, the Kodiah range offers dynamism combined with excellent fuel consumption.

Dynamic Chassis Control

Enjoy the high performance of your car in maximum comfort and safety. The Dynamic Chassis Control (DCC) continuously evaluates and responds to various driving situations (braking, acceleration, turning), adapting the damping and steering characteristics. As part of the infotainment menu, it allows you to select one of three modes according to your specific requirements: Comfort, Normal or Sport. Available with the optional Tech Pack on Style 4x4 & Sportline 4x4 at extra cost. Standard on RS 4x4.

Overseas Model shown for illustrative purposes only.

Engine

The Kodiaq Style 4x4 and Sportline 4x4 is driven by the 2.0TSI turbocharged engine with 132kW of power and 320Nm of torque. The combination of the 7-Speed DSG (Direct Shift Gearbox) and 4x4 drivetrain guarantees an extraordinary driving experience.

Sportline
4x4

Work From Home, Play Anywhere

Your lifestyle may evolve, but sporty style is here to stay. The Škoda Kodiaq Sportline 4x4 makes a convincing case for it. With a dynamic character and do-it-all attitude, this car can turn any road into your playground.

Style and functionality

The exterior of the new Kodiaq Sportline 4x4 features stylish elements including front grille frame in glossy black, exterior side-view mirror caps and roof railings in black, Sportline badge on the front wings, black inscriptions (such as Škoda, the model name and 4x4), and decorative exhaust pipe end pieces in a chrome design. The car's charisma is emphasised by 20" VEGA alloy wheels which comes as standard.

Sporty is in the details

Every detail of the new Kodiaq Sportline 4x4 reflects its energetic attitude. The interior is characterised by high-quality materials and exclusive features in a sporty style including the Sportline logo on the steering wheel.

Overseas model shown.

³ Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.

Upholstery and seats

The car features front sports seats, which underline the dynamic interior design. The black perforated Suedia/leather/leatherette upholstery³ (shown) with silver stitching also comes as standard. The perforated leather/leatherette upholstery³ (with ventilation is available as a standalone option at extra cost.

Sports steering wheel

The pleasure of driving the car is enhanced by the multifunctional sports steering wheel in perforated leather with silver stitching.

RS 4x4

Family Life, Turbocharged

With a 4x4 drive and 2.0 TSI/180 kW engine at its heart, the Škoda Kodiaq RS transforms every chore into a dynamic experience. To ensure all that power doesn't go to your head, there are plenty of safety assistants to protect the most powerful family in the neighbourhood. Yours.

RS badge

The uniqueness of the car is emphasised by original details such as the sports RS badge on the front grille, which is a nod to the famous racing tradition of Škoda cars.

Style and functionality

The car's sporty genes and dynamic personality are highlighted by many features such as bumpers in RS design, glossy black exterior elements including front grille with RS badge, black inscriptions (such as Škoda, the model name and 4x4), visible exhaust pipe end pieces in polished stainless steel finish, and 20" SAGITARIUS 'Aero' alloy wheels. The full LED Matrix headlights and LED rear lights with animated turn indicators also come as standard.

Black features

The dynamic appearance of the exterior is enhanced by the glossy black features such as exterior side-view mirror caps, side window frames, and roof railings.

Prepare for take off

Welcome to the cockpit. Fasten your seatbelts and get ready for a remarkably pleasant ride. The interior reflects the exceptional sporty charisma of the car while keeping you in maximum comfort.

Overseas model shown.

Upholstery and seats

The car always features front sports seats with RS logo embroidered on the backrest, which underline the dynamic interior design. The perforated leather/leatherette upholstery³ with red stitching (combined with front seat ventilation and electrically-adjustable front seats with built-in memory) comes as standard.

3 Leather appointed seat upholstery have a combination of genuine and artificial leather, but are not wholly leather.

Sports steering wheel

The car's sporty charisma is emphasised by the sports steering wheel in perforated leather with red stitching, which also carries the RS logo. In addition to the steering wheel and upholstery, red stitching can also be found on the dashboard, gear stick sleeve, front centre armrest, and front and rear door armrests.

Unbraked (kg)	750	750	750
Maximum downball weight (kg)	100	100	100

*The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information. ‡Please note figures are sourced from overseas data where equipment levels by model variant may vary. **Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Welcome to Care-Free Ownership

Škoda Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a Škoda as fantastic as buying one.

7 YEAR WARRANTY[^] UNLIMITED KM

After getting behind the wheel of a Škoda, it's not hard to see why they're so beloved by their owners. Quite simply, Škoda vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. Škoda Australia provides a 7 Year/Unlimited Kilometre Warranty[^] on all new vehicles. Every new Škoda vehicle includes one year Škoda Assist[±] (Roadside Assistance), from the warranty start date. To thank you for your loyalty, complimentary Service Initiated Roadside Assistance (SIRA for short) will be activated if the vehicle is returned to an authorised Škoda Dealer for scheduled service, as per the Škoda Service Schedule milestones. For more information and eligibility, please visit www.skoda.com.au/owners/roadside-assistance

Škoda Service Pricing

No hidden expenses, no nasty surprises. Škoda Service Pricing applies to the first 6 scheduled services for your Škoda, occurring every 12 months/15,000 km (whichever occurs first).*

Genuine Parts

You don't have to be a genius (AKA a Škoda technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty[^] on all genuine parts, peace of mind comes easily too.

Service Packs

Why worry about handling payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 7 Year/105,000km (whichever occurs first) or a 5 year/75,000kms (whichever occurs first) Škoda Service Pack at any of our Škoda dealers. That way you can simply book a service time that suits you, and the costs are already covered. your car, serviced at your convenience.

[^]Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them. [±]Škoda Assist (Roadside Assistance) Conditions and exclusions apply, see <https://www.skoda.com.au/own/roadside-assistance>. *Škoda Service Pricing is current as at the date the customer obtains a price from the Škoda Service Price Calculator or from a participating authorised Škoda Dealer and is subject to change without notice. Customers are advised to confirm current pricing on the Škoda Service Pricing Calculator or with an authorised Škoda Dealer on the day of each Scheduled Service. Škoda Service Pricing is available at participating Škoda dealers on Fabia, Yeti, Octavia, Rapid, Scala, Kamiq, Roomster, Superb, Karoq and Kodiaq models first sold by an authorised Škoda dealer on or after 1st July 2015. Škoda Service Pricing applies to the cost of standard items in each of the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). Exclusions and conditions apply. For details on pricing, items not included in the Service Price and for full terms and conditions click here. Škoda Australia reserves the right to at any time modify or discontinue the Škoda Service Pricing program. [^]Please check your engine code in your service or owner manual (if you have already purchased the vehicle) or confirm your engine code with your Škoda dealer prior to vehicle purchase (if you have not yet purchased the vehicle). Škoda Service Packs are available from authorised Škoda Dealers or online from Škoda Australia official website, for all models and covers standard items as contained in each scheduled service interval only. The New Car Service Packs can only be purchased prior to the first scheduled service and up to 15,000 km/12 months (whichever occurs first). The timeframe takes effect from when the vehicle is first reported in our system as 'sold'. The Used Car Service Packs can be purchased after the first 15,000 km/12 months scheduled service. The Top-up Service packs can be purchased based on the eligibility criteria as detailed in the terms and conditions. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here. #For more information and eligibility, please visit <https://www.skoda.com.au/promotions/promotion-detail/service-maintenance-subscription-plan>.

Remove Any Doubt with Škoda Choice.

Škoda Choice[±] is a flexible finance program that allows you to guarantee your vehicle's minimum future value[±] at the time of purchase, giving you peace of mind knowing the value of your Škoda is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your Škoda Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your Škoda more often, enjoying the latest model with the best innovations and technology.

How it works

- Step 1** Choose your favourite Škoda model.
- Step 2** Choose your preferred term* of 12, 24, 36, 48 or 60 months, and an annual km allowance.
- Step 3** At the end of your chosen term, select from one of the three end of term options:

Trade in

If you wish to trade-in your Škoda for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value[±], you can use this equity towards your new vehicle.

Retain

If you prefer to retain your Škoda, simply let us know. Provided that you also meet the relevant payment obligations under your contract, you can purchase your vehicle outright for the Guaranteed Future Value amount locked in at the start of the contract[±]. Then your Škoda is yours to keep. Or you can choose to refinance your balloon at the end of the term.

Return

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements[±], you will have no more to pay.

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

[±]Škoda Choice has a Guaranteed Future Value (GFV) which is the minimum value of your vehicle at the end of your finance contract as determined by Škoda Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389 344. If you decide to return your vehicle to SFS at the end of your term, SFS will pay you the agreed GFV, which will be put against your final payment subject to fair wear and tear conditions and agreed kilometres being met. At the end of your term, you can elect to (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges apply if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new, demonstrator and Certified Pre-owned Škoda vehicles. To see if this product is right for you, please see our Target Market Determination on our website and/or seek independent advice. *Subject to a credit assessment and SFS lending criteria. Fleet, government, rental and used car buyers, hire car and chauffeur companies excluded.
